

## With love from Megan and Family

Becky sent me pictures to colour from her work. I'm on my 4th as I'm passing onto neighbours and friends!!

Bex home from work.

180 year old Magnolia tree opposite in park and Sunday market opposite our house on 14th March!! The park was shut the next day as people really didn't seem to be getting the message about the worldwide Virus!!

Although Vicky park re opened with restrictions, 8:30 till 4pm, wardens and taped up benches, and for use really for people with no outside space. So we have been using our garden front and back daily. However one evening I noticed it still open (someone forgot to lock it!) so we did take a stroll for some deserted park pictures we hopefully will never see again!!

Double rainbow that crossed the road and came to our doorstep yesterday!!
