

## Taster Photos

Since the 1960s there have been thousands of photos taken of Mill Grove and its family, at home and on holiday. These have been stored in the form of transparencies or slides. Over the past two years we have been digitising them, with a view to cataloguing and making them available to those who are interested.

This process is continuing at this very moment (along with the digitising of the cine films taken by Margaret White). Here are just a few tasters chosen at random and deliberately reproduced without titles or labels.

We will keep you up to date with news through *Links* and the website.
