

## Terry and Pat

Dear Keith and Ruth,

Thank you so much for the invitation to join with you for " Our Day " celebration service on May 9th. We are looking forward to sharing this with you. This will be a great opportunity to share with a much wider group of "the family " the special celebrations !

We would like to thank you for the copy of the *Links* that we received recently and enjoyed catching up with the news !

We had planned to come up to visit you with our Daughter Ruth on our return from our trip to Chile, for our grandson Daniel's wedding to Natalia, but as the virus started to take hold we returned, and it had to be put on hold for the time being ! We look forward to being able to visit in the future.

We enjoyed our trip with the family to Chile and we're glad it took place before the lockdown! As well as sharing in the wedding, we were able in the two weeks we were there, to see some of the beautiful country and Natalia's family made us most welcome.

We send our greetings and love to you all at Mill Grove and look forward to sharing Our Day with you!

Love and Greetings from

Terry, Pat & Family

God's Blessing's to you all xx
