

Vernon, Ceri & Family

I don't know if I ever sent you our most recent family photo taken one year ago yesterday-on our 40th wedding anniversary-in Hawaii- by a kind stranger on Goldie's phone, I think! As you know there were 36 of us then and now little Victor has joined the ranks- and Julian and Esme are due to deliver next month and Goldie in September. When will the next family gathering be I wonder?

Also photos of Abram Seth Jaya Gabriel and Caspar enjoying beautiful Borth y Gest in August- what lovely memories we all have.

The most recent photo is Vernon on one of our lockdown exercise walks- we walk a lot at the moment:) He is standing by the fountain I walked past many times- on my way to and from visiting dear Pat during her last few weeks here in the care home which is very close to us.

And finally there's a selfie of our "bubble" of over a month taken on Good Friday when Vernon Josiah Nathanael Harriet and I walked up Mt St John- the one behind our church that you went up Keith after the morning service.

Much love
Ceri & Vernon Xxx
